

Patent PCT/SG2019/050245 Pending
v. 20200202

CACHE GOLD TOKENS ARE AS GOOD AS GOLD

CACHE

CACHE Characteristic:

- CGT cannot be seized or confiscated, not even by CACHE (PK)
- No need to make an account with CACHE (only redemptions)
- Freely tradeable via Ethereum addresses (similar to Bitcoin)
- Compatible with ERC-20 wallets (e.g. Ledger, Trezor, Metamask)

CACHE

CACHE only provides technology, stores, tokenizes and redeems Gold

- **CACHE does not sell CGT nor accept FIAT or BTC from the public**
- **All liquidity is provided by Digital Exchanges and Bullion Dealers**

Regulatory Support by Singapore Ministry of Law

- **CACHE License:** PS20190001508 (PSPM Act)
- **Allows for Public Token Issuance**

<u>Not</u> classified as a security token

- **Not regulated by the Monetary Authority of Singapore (MAS)**

CACHE

Low spread trading via Digital exchanges

- No minimum quantity (e.g. you can buy 50 cents worth of CGT)
- Seamless conversion to BTC or other tokens
- Market driven, not captive to any single entity

Bithumb Global (11th largest exchange)

- CGT/USDT
- CGT/BTC

2 other exchanges coming

CACHE

CGT can be used to:

- Hold Fully Backed Gold Digitally (0.25% storage fee per year)
- Send CGT to other people (0.10% transfer fee)
- Convert to physical gold (0.15% fee + shipping)
- Sell (USD) Redeemed Gold to the highest bidder dealer
- Swap gold to replace international shipping (in development)
